Panel with stone, Bristol

Panel with metal, Fiore

“Viellaris” company designs and manufactures art parquet. It started journey back in the 1992, with reconstruction and restoration of the traditional parquet. Restoration work helped to gather experience, so skilled wood craftsmen offer you designs starting from simplest traditional parquet styles like „Chevron” and „Versailles” and continuing with sophisticated panels with stone and metal. Moreover, our strength lies not only in mastery of ancient process, handcraft and attention to details, but also in our flexibility – “Viellaris” company can offer easy customizable, unique products, designed for your individual needs.

We will help you to discover variety of parquet patterns and the beauty of unique artwork designed specially for you.
